

1. What is your primary reason for attending speed sessions?
  - a. Training to race?
  - b. Perfecting your technique with no interest in racing?
  - c. Skating laps for recreation?
  
2. Would you be willing to participate in any of the following:
  - a. Equipment committee/Setting up and removing crash mats and blocks?
  - b. Helping to make additional crash mats?
  - c. Planning and organizing events?
  - d. Leading a 15 to 20 minute stretching workout before sessions?
  - e. Helping in the teaching and training of new and/or young skaters?
  - f. Serving on a public relations committee to further Club interests?
  - g. Serving on a 'new membership' committee to attract new skaters?
  
3. Do you have any ideas that we could use to attract new members, earn money for operating expenses, and promote the Club or obtain corporate sponsorship?
  
4. Do you work for a company that would be willing to sponsor our Club? They wouldn't have to cover all of our expenses, as we would allow more than one company to participate. The Club will have tax-exempt status, which may be an inducement. We would be willing to display their corporate name or logo on crash mats and mention them in news releases.
  
5. Do you own an old pair of speed skates that you would be willing to donate (or loan) to the Club for use by prospective new skaters that don't own skates? (offset skates aren't desirable for new skaters)
  
6. If the Club consolidates (shrinks) to only 14 to 18 serious skaters (faithful, weekly attendees) would you be willing to pay a direct, proportional share of the ice cost? ie: Ice costs \$100 and 12 skaters attend. \$100 divided by 12 equals \$8.50 per skater.
  
7. If we lost our 'slot' at Fashion Island and had to relocate to another rink, would you still attend if we moved to:
  - a. Belmont Iceland
  - b. Golden Gate Rink (Redwood City)
  - c. Berkeley Iceland
  - d. Dublin Iceland
  
8. If we did move, we would undoubtedly incur higher ice costs. What is the maximum you would be willing to pay for an hour long speed session? How much for an hour and a half session?
  
9. Please note any suggestions that will help the Club become what you want it to be.
  
- \* It is vital that you complete and return this survey at your earliest convenience. We need your input on these important matters.
